ACTIVITY REPORT

ACADEMIC SESSION	2017-2018
ORGANIZER	Bhiwapur Mahavidyalaya, Bhiwapur
NAME OF THE ACTIVITY WITH TITLE	Promoting the use of Technology in Teaching and Complete Students' Computer Literacy Programme
DATE OF ACTIVITY	Annual Report
MODE OF ACTIVITY	OFFLINE
ORGANIZING COMMITTEE	COMMITTEE FOR PROMOTING THE USE OF TECHNOLOGY IN TEACHING AND ALSO FOR ESTABLISHING COMPLETE STUDENTS' COMPUTER LITERACY PROGRAMME (AUDIO VISUAL AIDS-LCD, OHP, INTERACTIVE BOARDS/SMART BOARDS ETC.)
PROGRAMME COORDINATOR	Asst. Prof. Dr. R.K. Quraishi
COMMITTEE MEMBERS	Shri. Amol Bhagat (Consultant) Shri. Kushwant Dhamke
NUMBER OF STUDENTS / BENEFICIARIES PARTICIPATED	500
BRIEF REPORT	<p>The IQAC is instrumental in implementing various innovative teaching practices in our Institution through Information and Communication Technology (ICT), Audio-Visual-Aids, CDs, Internet and free Computer Training Programmes for our students. To facilitate the same, "Committee For Promoting the</p>

use of Technology in Teaching and also for Establishing Complete Students' Computer Literacy Programme (Audio Visual Aids-LCD, OHP, Interactive Boards/Smart Boards Etc.)", was constituted in our Institute during the Academic Session 2017-18. The Committee encouraged teachers to undertake ICT enabled Teaching-Learning process for effective Curriculum delivery. The Committee had initiated Free Computer Literacy Training Programme for the students. Under this flagship Computer Training Programme, teachers supported the students in learning the basics of Computer Application and internet operation.

Initially, the Committee procured data of students with basic Computer knowledge. For the Academic Session 2017-18, the Committee shortlisted 41 students from B.Com-I Year, 22 students from B.Com-II Year, 13 students from B.Com.-III Year, 26 students from B.A.-I Year, 18 students from B.A.-II Year, 18 students from B.A.-III Year, 15 students from B.Sc.-I Year, 3 students from B.Sc.-II Year and 8 students from B.Sc.-III Year with the basic knowledge of Computer and internet. The Committee excluded these students from the Training Programme; instead, the Committee sought the assistance of these Computer literate students to impart training to all the remaining students who were lagging behind the basic Computer knowledge. For providing the basic Computer knowledge to students, the Committee divided students into small groups of 20/30/40 and engaged one teacher for conducting the Training Programme. The Committee prepared

	<p>the list of students on the basis of Optional Subjects of First Year, Second Year and Final Year and accordingly divided the students into different groups of 20/30/40. The College has State-of-the-Art infrastructure to cater free Computer Training to students. Each teacher was given the responsibility of teaching the basics of Computer Application to a certain number of students during off periods. This practice had enabled the College to increase the Computer literacy rate of our students. Certificates were issued to the meritorious students on completion of the basic course. Further, the regular teaching was mostly carried out by teachers with the help of ICT. The Committee monitored the classes engaged by all the teachers with the help of Audio-Visual Aids. As such, the Committee allowed outstanding students with basic Computer Knowledge to demonstrate their skills with the help of Interactive Boards.</p>
<p>PROGRAMME OBJECTIVES</p>	<ul style="list-style-type: none"> • To provide primary knowledge of Computer and Information Technology to students so as to enhance their skills. • To assist students to enrich their personality by assimilating knowledge through different methods of learning. • To provide various learning tools to students for knowledge accumulation, construction, reflecting, sharing and collaboration in the learning process. • To foster the knowledge and skills of ICT in view of achieving general Digital Literacy while ensuring equal opportunities for all students.

	<ul style="list-style-type: none"> • To empower students who are unable to use ICT outside the College premises owing to financial problems. • To help students to transcend geographical barriers easily through ICT enabled learning, which enhances and expands their awareness of other societies and distant places. • To enhance good Communication Skills among students. • To provide easy-to-access information to students; accelerated learning and fun opportunities to practice what they learn. • To enable the students to explore new subjects and enhance their comprehension of complex concepts in the process of learning. • To ensure the holistic development of students.
<p>PROGRAMME OUTCOMES</p>	<ul style="list-style-type: none"> • Provided primary knowledge of Computer and Information Technology to students so as to enhance their skills. • Assisted students to enrich their personality by assimilating knowledge through different methods of learning. • Provided various learning tools to students for knowledge accumulation, construction, reflecting, sharing and collaboration in the learning process. • Fostered the knowledge and skills of ICT in view of achieving general Digital Literacy while ensuring equal opportunities for all students.

- Empowered students who were unable to use ICT outside the College premises owing to financial issues.
- Helped students to transcend geographical barriers easily through ICT based learning, which enhances and expands their awareness of other societies and distant places.
- Developed good Communication Skills among students, which results in promoting better social understanding.
- Provided easy-to-access information to students; accelerated learning and fun opportunities to practice what they learn.
- Enabled students to explore new subjects and enhance their comprehension of complex concepts in the process of learning.
- Ensured the holistic development of students.
