N.C.C and students were present on this occasion.

Police Sub-Inspector Chetan Marathe told the students about the traffic rules that all the students should follow and also told the students what kind of legal actions would be taken if they drive vehicles without valid license and helmet. He also narrated real life incidents of road accidents and convinced the students about its side effects. The students were highly motivated by his inspiring speech and so they expressed their desire to take the responsibility of creating awareness about road safety in the society. Dr. Jobi George narrated his experience while speaking on this occasion as the Chairperson of this programme. The students were made aware of the daily accidents that happen on the roads. Every person in the society should take up the responsibility of abiding the rules and regulations of Traffic Department so as to bring down the number of accidents that happen on very day. So, it is important to play an important role in preventing accidents by following the traffic rules. It is true that students of N.S.S and NCC can do a great job of creating awareness about the road safety campaign. So, if everyone recognizes this responsibility, the number of road accidents can be very negligible.

The program was conducted by N.S.S students' representative Mr. Sanket Sable and vote of thanks were given by Mr. Abhishek Gaonde.
