1. World Computer Literacy Day

The 'Committee for Promoting the use of Technology in Teaching and Achieving Complete Students' Computer Literacy Programme' celebrated World Computer Literacy Day on 2nd December, 2022 which was aimed to create awareness and encourage the students about the efficient use of Computers in day-to-day life, and also for motivating them to learn new skills.

2. Basic Computer Training Course of 45 Days.

Initially, the Committee procured data of students with basic Computer knowledge. The Committee excluded those students who had already obtained the basic knowledge of Computer from the Training Programme. Further, the Committee sought the assistance of Computer literate students to impart training to all the remaining students who were lagging behind in basic Computer knowledge. For providing the basic Computer knowledge to students, the Committee took initiative to arrange free 'Computer Training Programme', which was inaugurated on 21st November, 2022. In all, 153 students registered for this course. The Committee divided students into small groups and engaged one teacher for conducting the Training Programme. The College has State-of-the-Art infrastructure to cater free Computer Training to students. This practice had enabled the College to increase the Computer literacy rate of students. In all 117 students successfully completed the Training

Programme and were awarded Certificates of completion.

4. Digital Library

The concept of 'Digital Library' offers the students remarkable advantages of learning in a setting that suits their personal comfort. It bestows upon them the remarkable ability to access a wealth of information from any location, at any given time with just a few clicks. Notably, each faculty member had played an active role in this endeavour, diligently creating individualized QR Codes for their respective subjects. These QR Codes served as gateways, seamlessly providing students with access to an array of valuable resources. These included an assortment of Research Papers, informative books, comprehensive syllabi, audio recordings, video presentations, a repository of question banks, past years' question papers and meticulously crafted class notes.

This innovative approach served as a robust platform for the students to not only broaden their understanding but also to refine their Research acumen. The versatility of the Digital Library empowered them to engage with a variety of learning materials, thus facilitating a holistic enhancement of their academic journey. By offering a comprehensive assortment of resources, this initiative was designed to propel students towards greater knowledge acquisition, improved Research proficiencies and a heightened level of academic excellence.
