Foreword

The need to introduce a Bridge Course was to ease the transition of students from Higher Secondary to a University system of academics and examination patterns.

A week-long course designed by the faculties exposes the students to understand and facilitate the use of academic conventions. Bridge Course in Languages helps the students to prepare in developing their Reading, Writing, and Listening & Speaking Skills. Likewise Bridge Courses in Social Sciences, Science & Professional Courses create an amiable academic environment necessary for better understanding of the prescribed syllabi.

The advantage of Bridge Courses is that it creates a necessary basis to augment students' communication in social conversations, academic discussions and presentations.

DEPARTMENT OF BOTANY

INTRODUCTION:

Any study that involves Plants as its primary focus can be considered a part of Botany. Botany is the branch which deals with the study of the plant kingdom, its classification, habits and habitats, living and extinct, Morphology, Physiology, Embryology, Anatomy, Cytology, Genetics, Histology, Neonatology, Taxonomy and evolution.

Although familiar with subject Botany the entire syllabus of B.Sc. Botany deals with new terms and topics which will be a problem for students coming from 12th class to understand in one stroke. So to revise, update and groom students with basics in Theory and Practicals a Bridge Course of Botany subject is organized by Asst. Prof. Darshana S. Dhamdar, Department of Botany, Bhiwapur Mahavidyalaya, Bhiwapur.

OBJECTIVE:

- To revise the basics of Botany subject and to introduce new topics and syllabus of B.Sc. I, Botany so that students get familiar with the terms which will be used during regular classes.
- To understand the fundamentals of the sub disciplines in Biology including Taxonomy, Cell and Molecular Biology, Genetics, Physiology, Biodiversity, Ecology and Applied Botany.
- To understand basic methods and aims of the Science of Biology.
- To make Students able to demonstrate proficiency in the experimental techniques and methods of analysis appropriate for their area of Specialization within Biology.
- To make students able to relate the Physical features of the environment to the structure of populations, communities, and Ecosystems.
- To make students able to identify the major groups of organisms with an emphasis on Plants and be able to classify them within a Phylogenetic Framework. ,
- To make students able to compare and contrast the characteristics of Plants that differentiates them from other forms of life.
- To develop students' Practical Biological skills.

Subject: Permission of the office of the principal to start the 'Certificate Course in
Panchayat Raj' for the session 2022-2023.

Applicant: Dr. Mangesh Kadu, Head, Department of Political Science

Respected sir,

As mentioned above, I would like to start the 'Certificate Course in Panchayat Raj' for
the session 2022-2023 in our institution. This course will be very useful and
knowledgeable for the students. Sir, as you know, our college is situated in a rural and
backward area. The students from remote areas are also studying at our institution. It
is time to aware them about the rights, duties, and opportunities available in this rural
area. Without knowing the local self-government and administration, it is impossible
to bring them into the main stream of the nation, society and development. In this
regard, this certificate course is very functional.

Duration of the course: 60 hours (20th December 2022 to 15th March 2023)

Target Group: All enrolled students in Bhiwapur Mahavidyalaya

If you grant me permission to start this certificate course, I will be very thankful to
you.

Thanking you
