FOREWORD

The Institution with its Vision and Mission Policies, Core Values and Quality Policy at the centre of its achievements towards sustenance of quality education has remarkably taken steady strides in the field of education.

The basis of the Perspective Plan is the outcome of the analysis of the Institute's organizational strengths, acknowledging the weaknesses and identifying opportunities and bracing challenges in the process of marching ahead. The Institution focuses on the all-round development of the students, while always being allied with its Alumnae and stakeholders.

The Internal Quality Assurance Cell in consultation with the office of the Principal places the proposals of policies it intends to deploy for improvisation in its mechanisms before the College Development Committee. With due recommendations, the policies are implemented. The Institution adopts Inclusivity Policy to accommodate students from diverse backgrounds and adopts zero-tolerance to any kind of disparity; physical, mental, cultural, and religious or caste.

Bachelor of Commerce, Bachelor of Science, Bachelor of Vocational, Masters in Political Science, Economics, and Sociology have been introduced in succession since then. Augmentation in infrastructure as per requirement has been pursued.

It has always been an integral part of the Institution's mechanism to serve the society through its extension programmes.

The focus here onwards would be on capacity building of students and to achieve this target, we would be concentrating on partnerships and fostering functional MoUs for the mutual benefits of Industry and Academia. We would prioritize on skill development of our students to gain employment/self-employment. Our attempts in this direction have already been inching with our One Student One Skill Programme (OSOSP). Institutional Distinctiveness and Best Practices

Located in the serene green cover of the Karandhla reserve forest area, the Institution receives students' admissions from 137 hamlets in the surrounding area of Bhiwapur Tahsil. We are proud and we consider this as a golden opportunity to provide support to students in their capacity building despite bracing innumerable challenges.

The strength of girl students outweighs the number of boy students, which is in a way a good sign of empowering the girl child. But the flip side of it is the socio-economic condition of these students which prevents them from proceeding to Higher Studies and thus inflation in the drop-out rates.

Our concern and effort have been in this area to control the dropout rates and therefore, a Women's Hostel has been a main feature. Add on course in Fashion

Designing and Tailoring, Basic Computer Training, Basic Data Entry Operator, Counselling Sessions also feature in our plan of action.

Our Best Practices emerge from the policies we adopt and implement successfully.

The performance of various committees, Departments based on the Criterion Key Indicators, Directions from the Affiliating University and Guidelines from Statutory Bodies would lead to amendment in the execution of the processes mentioned above. For the overall growth and development of the Institution, the perspective plan will be operational by garnering inputs from all its stakeholders and receiving a 360-degree Feedback, analysing and thus putting out our action plan in place.

Execution of the Plan and Outcomes

Infrastructure

Keeping in mind the plans of additions of Courses to be offered, the Institution will systematically increase the number of ICT enabled classrooms. Rain Water Harvesting and Installation of Solar Panels as an alternate energy source would be the topmost priority. We also plan to provide a space for the Alumni of the Institution and separate space for Students' Consumer Society. Digitalization would be one of the key-areas of our up gradation process.

Research and Extension

As per the National Education Policy 2020, we intend to work on Multidisciplinary and Interdisciplinary Projects by applying to various Bodies for funding. Along with the Faculties, students will also be empowered and motivated to participate in such Projects.

We would strive to work towards the betterment of our society and country as per our Quality Policy. All Extension activities aiming for the welfare of the society would be continued and as per the need of the hour we would find ourselves ever ready for rendering service to the nation.
