**Best Practice-1**

**E-Waste Collection and Management**

**1. Objectives of the Practice**

To manage hazardous E-waste in scientific manner and to avoid adverse effects on Human Health and Environment.

**2. The Context**

Informal E-waste processing leads to adverse Human Health effects and pollution. As the decomposition of E-waste needs scientific methodologies, the Institution initiated this Practice.

**3. The Practice**

Keeping Government's E- Waste Management Rules and the International Basel Convention, we initiated the Collection and disposal of E-waste by signing MoU with M/s. Suritex Pvt. Ltd., Nagpur, a Govt. authorized E-waste Recycler, which ensures proper disposal as per Maharashtra Pollution Control Board's norms.

**4. Evidence of Success**

A total of 1420 kg E-waste was collected. 150 Monitors were collected, generating Rs. 36300/- of which sum of Rs. 20350/- was given to the E-waste providers.

**5. Problems Encountered and Resources Required**

Lack of awareness about the effects of improper disposal of E-waste. People disposed E-waste by burning it or by giving it to scrap vendors who unethically disposed causing harm to the environment.

**6. Notes (Optional)**

Recovering the parts within the devices and providing manufacturers with recycled metal that can be used to make new products and protecting human and environment by avoiding landfills

**Best Practice-2**

**Voters' Awareness Programme**

**1. Objectives of the Practice**

To motivate the enrolment of new voters by creating awareness.

**2. The Context**

Right to vote is one of our fundamental rights. Bhiwapur Mahavidyalaya created awareness among students and youth about the importance of casting vote.

**3. The Practice**

The Institution organized Voters' Registration Camp on 28<sup>th</sup> July, 2023. Voter Awareness Week and Voter Awareness Rally were organized from 25/01/2024 to 02/02/2024 and on 2<sup>nd</sup> April, 2024 respectively and encouraged people through various slogans, Street Plays and various competitions.

**4. Evidence of Success**

Out of 347 participants, 267 of them filed Form No. 6 and registered their names as Neo Voters.

**5. Problems Encountered and Resources Required**

Lack of awareness among youth about the importance of casting vote causes difficulties in involving people in such activities. Even though awareness was created; many students didn't enroll their names in Voters' List and were left out of the electoral process.

**6. Notes (Optional)**

Organization of Voters' Awareness Programme;

- Created awareness among the people regarding the importance of casting vote.
- Enhanced people's participation in the voting system.
- Created awareness to elect competent people.
- Created awareness about the power of democracy.
