BENEFICIARIES/TARGET GROUP	All the students, Teaching and Non-teaching Staff of the College

NUMBER OF STUDENTS/BENEFICIARIES	Twenty four students
DETAILED REPORT OF THE ACTIVITY	<p>The Eco Club Committee of our Institution, under the aegis of the IQAC, arranged a remarkable Eco-Friendly Holi Celebration on 26th March, 2024 in the College premises. Meticulous research was conducted by the committee members to arrange an environmentally conscious Holi event, gathering a plethora of innovative ideas to ensure its success. A comprehensive plan was meticulously planned, detailing a range of activities, decorations and essential materials. The enthusiastic involvement of Eco Club Volunteers and other interested students was evident as they collaborated ardently to organize and execute the event seamlessly.</p> <p>The Event commenced with enlightening presentation by Asst. Prof. Darshana Dhamdar, the Member Secretary of Eco Club Committee. Asst. Prof. Darshana Dhamdar eloquently elucidated the detrimental consequences associated with the usage of synthetic colours and non-biodegradable substances during conventional Holi celebrations. A place was thoughtfully arranged, empowering the participants to craft their own natural</p>

	<p>colours employing organic elements like beetroot and <i>Butea monosperma</i> flowers.</p> <p>Asst. Prof. Dr. Y. K. More elucidated the paramount importance of embracing an Eco-Friendly Holi Celebration, a necessity that resonates strongly in the present times. Volunteers of Eco-Club were guided through the colour-making process, with a strong emphasis on the environmental advantages of these alternatives. Confronting the issue of water wastage commonly associated with Holi revelries, the committee launched an awareness campaign promoting judicious usage of water. The participants were enlightened about the significance of conserving water, particularly during the festive season, fostering a sense of responsible celebration. In all, twenty-four students, along with Teaching and Non-teaching Staff of the College actively participated in this Event.</p> <p>An Eco-Friendly Holi Celebration stood as a testament to the collective commitment of the Eco Club Committee Members, volunteers and the participants to both environmental consciousness and festive merriment.</p>
PROGRAMME OBJECTIVES	<ul style="list-style-type: none"> • To create awareness among students

	<p>about the negative impacts of synthetic colours and non-biodegradable materials on the environment.</p> <ul style="list-style-type: none"> • To educate the participants about the significance of eco-friendly celebrations and encourage them to adopt sustainable practices during festivals. • To showcase viable alternatives, such as making natural colours from organic sources like beetroot and flowers as well as promoting judicious water usage during Holi. • To provide a platform for students, volunteers and the participants to actively engage in collaborative efforts to support eco-friendly initiatives. • To empower Eco Club volunteers and committee members with leadership skills as they take charge of planning, organizing and executing the event.
<p>PROBLEMS FACED, IF ANY</p>	<p>Sourcing Organic Materials: Procuring organic materials like beetroot and specific flowers in sufficient quantities for making natural colours was challenging, especially when they were not readily available locally.</p> <p>Logistics and Setup: Setting up stations for</p>

	<p>colour-making and organizing water conservation activities requires proper planning, materials and volunteers. Managing these logistics effectively was challenging for the Committee.</p> <p>Despite these challenges, the successful execution of the eco-friendly Holi celebration demonstrates the dedication and creativity of the Eco Club Committee and its members, in overcoming these obstacles and promoting a more environmentally conscious approach to celebrating festivals.</p>
<p>IMPACT/OUTCOME ACHIEVED</p>	<ul style="list-style-type: none"> • Created awareness among students about the negative impacts of synthetic colours and non-biodegradable materials on the environment. • Educated the participants about the significance of eco-friendly celebrations and encouraged them to adopt sustainable practices during festivals. • Showcased viable alternatives, such as making natural colours from organic sources like beetroot and flowers, as well as promoting judicious water usage during Holi. • Provided a platform for students, volunteers and the participants to actively engage in collaborative efforts to support eco-friendly initiatives.

- Empowered Eco Club volunteers and committee members with leadership skills as they took charge of planning, organizing and executing the event.

ANALYSIS REPORT OF THE FEEDBACK OBTAINED FROM STUDENTS/ BENEFICIARIES/ ACADEMIC PEERS ETC.

The Eco-friendly Holi festival in our College, organized using organic materials, received overwhelming praise from students and staff. The participants appreciated the vibrant colours and skin-friendly powders, fostering a joyful and safe celebration. The initiative was lauded for promoting environmental consciousness and sustainability, enhancing the festive spirit while respecting nature.
