BENEFICIARIES/TARGET GROUP	All the women of Bhiwapur Taluka
NUMBER OF STUDENTS/BENEFICIARIES	147
DETAILED REPORT OF THE ACTIVITY	The 'Women's Study Centre' of our Institution works towards spreading awareness among women about their health and hygiene issues. Keeping pace with this, 'Free Health Check-up Camp' was organized on 16 th January, 2025 in the Community Hall of Bhimadevi Navyuvak Seva Mandal at Dharmapur in Bhiwapur, under the auspices of 'Women's Study Centre', in collaboration with Rural Government Hospital, Bhiwapur and Primary Health Centre,

	Somnala, Tahsil: Bhiwapur. In all, 147 women were benefitted through Counseling which helped them to understand the ill-effects of neglecting their health. As such, requisite Medicines were distributed free of cost in the said Camp. In this Camp, C.B.C., T.F.T. H.P.LC., H.B.A.I.C., H.I.V., Sickle Cell, etc. Tests were carried out. Medical Officers Dr. Ashwini Kale, Dr. Pooja Bisen, Aarogya Sevika Mangala Thakare, Amar Kadam, Trupti Borade and Hema Waghmare along with her entire team worked hard to make this Camp fruitful.
PROGRAMME OBJECTIVES	• To spread awareness among women about their health and hygiene issues. • To help girls to understand the importance of sound health for sound mind. • To distribute requisite medicines free of cost to the women who needed them based on the results of the Medical Tests and the Counseling Sessions. • To ensure that women could receive immediate treatment or management for their health issues without financial barriers. • To contribute towards the overall empowerment of women folk by addressing their health and hygiene issues through this Camp.
PROBLEMS FACED, IF ANY	Logistics and coordination: Organizing a Health Camp in a big way requires meticulous planning and coordination among multiple stakeholders, including the Internal Complaints Committee (I.C.C.), Rural Government Hospital, Primary Health Centre and Shree Sai Hospital. Ensuring that all the stakeholders are contributing effectively for the success of this Camp was a challenge for the Committee. Awareness and Participation: Despite efforts to spread awareness, some women failed to understand the benefits of 'Free Health Check-up Camp'. Thus, ensuring adequate participation and convincing women to attend the Camp was a challenge for the Committee. Limited Medical Expertise: While the Medical Officers and their

	teams from various Hospitals were working hard to make the Camp successful, the availability of specialized Medical Expertise was limited. Addressing complex health issues or providing follow-up care required additional resources.
IMPACT/ OUTCOMES ACHIEVED	• Spread awareness and aided girls about their health and hygiene issues. • Helped girls to understand the importance of sound health for sound mind. • Distributed requisite medicines free of cost to the women who needed them based on the results of the Medical tests and the Counseling Sessions. • Ensured that the women could receive immediate treatment or management for their health issues without financial barriers. • Contributed towards the overall empowerment of women folk by addressing their health and hygiene issues through this Camp.
ANALYSIS REPORT OF THE FEEDBACK OBTAINED FROM STUDENTS/ BENEFICIARIES/ ACADEMIC PEERS ETC.	Participants expressed deep gratitude for the Free Health Check-up Camp, praising its organization, accessibility, and the dedication of the medical team. The Counseling Sessions were informative and helped to raise awareness about the importance of regular health check-ups. Free distribution of medicines and essential tests like CBC, TFT, and HIV screening were especially appreciated. The initiative was seen as a vital step toward improving women's health in rural areas.
