DETAILED REPORT OF THE ACTIVITY	A five-day intensive Workshop on Competitive Examinations was organized to equip our students with a strategic understanding of Civil Services and competitive examination frameworks. Recognizing the challenges faced by rural students in accessing high-quality guidance, the Guidance Centre for Competitive Examinations curated this programme to break down syllabus structures, core subjects, and current affairs' methodologies. The inaugural session was hosted by Asst. Prof. Dr. Vinita S. Virgandham, who, as Member Secretary, delivered the Introductory Speech, highlighting the Centre's initiatives. The Workshop was formally inaugurated by Principal Dr. Jobi George alongside Mr. Santosh Sirgaonkar and faculty member Mr. Gajanan Patil from the Unique Academy. On this occasion, Mr. Sirgaonkar spoke on the vital importance of guidance, while Principal Dr. Jobi George, in his message during the Presidential Address, encouraged all the aspirants to take full advantage of the opportunities provided by the Workshop. Asst. Prof. Dr. Anita V. Mahawadiwar (IQAC Coordinator), Prof. Dr. Sunil Shinde, and Mr. Vikas Vande from the Unique Academy were also present. The inaugural session was concluded with a formal vote of thanks by Asso. Prof. Dr. Motiraj Chavhan. Initiating the technical sessions on Day 1 (25/11/2025), Mr. Gajanan Patil emphasized that understanding the syllabus is half the battle won. He provided a comprehensive overview of the examination tiers (Preliminary, Mains, and Interview), guiding students on how to read the syllabus meticulously, differentiate between overlapping topics, and map standard textbooks directly to the curriculum. On Day 2 (26/11/2025), Mr. Rahul Nawate decoded the dynamic nature of competitive examinations by focusing on

	Current Affairs. He demonstrated the art of newspaper reading, identifying issues of national and international importance, and filtering out irrelevant news. He also explained how to link static portions of the syllabus like history or geography with dynamic current events to score higher in the mains examination. Building upon the opening strategies, Mr. Santosh Sirgaonkar focused on the strategic approach required to tackle the vast curriculum on Day 3 (27/11/2025). He discussed time-management techniques, the importance of micro-listing topics and creating an integrated preparation model for both Prelims and Mains, concluding with an interactive segment on micro-planning weekly study goals. Mr. Akshay Kotjawale addressed Indian Economics on Day 4 (28/11/2025), simplifying concepts like inflation, fiscal policy, GDP and banking systems. He oriented the students toward economic surveys, government budgets and flagship socio-economic schemes, highlighting how questions are typically framed from these sectors. Returning for the final day (29/11/2025), Mr. Rahul Nawate conducted an in-depth Session on Indian Polity. He covered the foundational structure of the Indian Constitution, fundamental rights and the working of parliament. He advised students on how to remember landmark judicial judgments and constitutional articles, concluding with an overview of Political Science as a high-scoring segment. The five-day workshop concluded successfully with an overwhelming response and feedback from the students. The structured inputs provided by the invited experts successfully laid down a robust foundation for the College's Civil Service aspirants. The Guidance Centre extends its heartfelt gratitude to the Management, the Principal, and the dedicated faculty members for their constant support in executing this program smoothly.
PROGRAMME OBJECTIVES	▪ To teach the basic concepts needed for competitive examinations. ▪ To help students understand the examination patterns and syllabus. ▪ To share easy tips, shortcuts and time-management skills. ▪ To give free, high-quality guidance to students who cannot afford expensive coaching. ▪ To build students' confidence and motivate them to study hard.

PROBLEMS FACED, IF ANY

- Students had different learning levels, making it hard to teach everyone at the same speed.
- The duration of the Training Programme was very short to cover so many big topics.
- It was difficult to keep students focused during long, daily classes.
- Lack of consistency among students in attending the Workshop.

IMPACT/OUTCOME ACHIEVED

- Students understood the basic topics much better than before.
- All the participants cleared their confusion and learned how to start planning their studies.
- Students felt more confident and less scared of examinations.
- More students came to know about the Guidance Centre and its work.
- Participants received helpful notes and practice questions to study at home.
