TARGET GROUP	Entire students of the College.
NUMBER OF STUDENTS/BENEFICIARIES	80 students and 30 teachers
BRIEF REPORT	The Internal Quality Assurance Cell (IQAC) OF OUR Institution organized a State-level Workshop for the students on the theme “<i>Field Project: Design, Planning and Execution (NEP)</i>” on 17th October, 2025 in offline mode. The Workshop focused on equipping students with essential skills related to field project design, planning, and execution in accordance with the objectives of the National Education Policy (NEP). The Session was conducted by the eminent Resource Person Dr. Samit Mahore, Associate Professor, Department of Economics, Rashtrasant Tukadoji Maharaj Nagpur University, Nagpur. He explained, in a very simple and lucid manner, how students can effectively prepare and execute field projects. His guidance was practical and highly beneficial for the participants. Dr. Gopichand Nimbarte, Associate Professor, VNIT, Nagpur, shared the Dias with Asso. Professor Dr. Anita Mahawadiwar, the IQAC co-ordinator of our College. The Programme was presided over by Dr. Jobi George, the Principal of our College, who, in his Presidential Address, provided valuable guidance to both students and faculty members regarding the importance of research and project-based learning. The Workshop received positive feedback from participants and proved to be informative and enriching. The Organizing Committee extended heartfelt thanks to the Resource Person, participants, and all the supporting staff for their valuable contributions in making the Workshop a grand success. A total of 80 students, along with 30 teachers actively participated in the Workshop. The Proceedings of the Programme was conducted by Asso. Prof. Dr. R.K. Quraishi and Asso. Prof. Dr. R.S. Bahurupi proposed the formal Vote of Thanks.
PROGRAMME OBJECTIVES	• To develop students’ understanding of field project design and planning as per NEP guidelines. • To equip students with practical skills for effective execution of field projects. • To enhance research aptitude and project-based learning among students. • To guide students in identifying research problems and formulating project objectives. • To familiarize the participants with appropriate research methodologies and data collection techniques. • To promote analytical thinking and problem-solving skills through field-based studies. • To encourage ethical practices in conducting field research.

	• To strengthen coordination between students and faculty in project work. • To provide insights into documentation, report writing, and presentation of field projects. • To motivate students towards experiential learning and real-world application of knowledge.
PROBLEMS FACED, IF ANY	During the organization of the Workshop, the Committee encountered a few practical challenges. Coordinating the schedules of Resource Persons and participants within a limited timeframe was initially difficult; however, this was managed through timely communication and effective planning. Ensuring the participation of a large number of students alongside teachers posed another challenge, especially in managing seating arrangements and maintaining discipline during the Sessions. The Committee addressed this by making prior logistical arrangements and assigning responsibilities to volunteers for smooth coordination. There were also minor technical and organizational issues related to audio arrangements and Session flow. These were efficiently handled through pre-event checks and on-the-spot support by the Organizing team. Despite these challenges, the proactive approach, teamwork, and systematic planning of the Committee ensured the smooth execution and overall success of the Workshop.
PROGRAMME OUTCOMES	• Developed students' understanding of field project design and planning as per NEP guidelines. • Equipped students with practical skills for effective execution of field projects. • Enhanced research aptitude and project-based learning among students. • Guided students in identifying research problems and formulating project objectives. • Familiarized the participants with appropriate research methodologies and data collection techniques. • Promoted analytical thinking and problem-solving skills through field-based studies. • Encouraged ethical practices in conducting field research. • Strengthened coordination between students and faculty in project work. • Provided insights into documentation, report writing, and presentation of field projects. • Motivated the students towards experiential learning and real-world application of knowledge.
