DETAILED REPORT OF THE ACTIVITY	To commemorate National Mathematics Day**,** the Department of Mathematics, Bhiwapur Mahavidyalaya, under the aegis of IQAC, organized a "Mathematics Awareness Week" from 15th December, 2025 to 22nd December, 2025 at Gurukul Primary School, Dharmapur, Bhiwapur. The Programme was aimed at promoting interest in Mathematics among young learners and creating a positive attitude towards the subject. The primary objective of this activity was to make Mathematics enjoyable and accessible to students at an early stage of learning. It was also aimed to reduce the fear of Mathematics and to develop basic numerical and logical skills through innovative teaching methods.		

A total of 16 students from the Department of Mathematics of Bhiwapur Mahavidyalaya actively participated, as volunteers, in this initiative. They conducted voluntary teaching sessions for students from 1st to 4th standard. The Sessions were designed in a creative and engaging manner, focusing on activity-based learning rather than traditional classroom teaching.

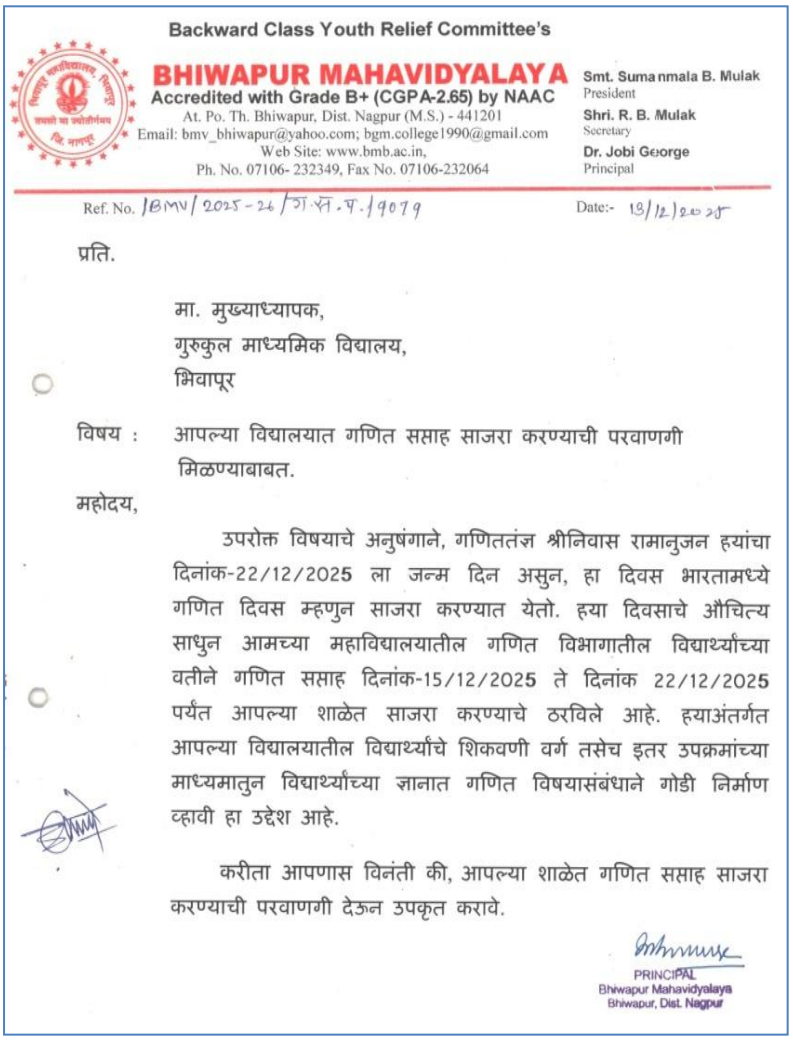

Throughout the week, various fun-filled and interactive activities were organized, such as number games, puzzles, storytelling-based arithmetic, and identification of shapes using visual aids. Teaching tools like charts, flashcards, and simple models were used to enhance understanding. Group activities were also conducted to encourage teamwork and active participation among the students.

Daily Activity Roadmap

Day & Date	Theme/Focus Area	Key Activities
Day 1: Dec 15	Inauguration & Fundamentals	Inaugurated by Mr. Ashish Lalaji Gadhawe, Mr. Vinod Jodhe and Dr. Ravikant Mishra. Introduction to basic Arithmetic concepts.
Day 2: Dec 16	Gamification of Mathematics	Interactive mathematical games and quizzes designed to make learning engaging, energetic, and enjoyable
Day 3: Dec 17	Mathematical Curiosities	Focused on "Fun with Mathematics", using puzzles to spark creativity and logical thinking.
Day 4: Dec 18	Real-world Application	Teaching the relevance of Mathematics in daily life through practical examples (e.g.,

			shopping, time, and measurements).
	Day 5: Dec 20	Spatial Awareness	Introduction to Geometry boxes. Students explored shapes, lines, and physical measurements.
	Day 6: Dec 22	Valedictory Session	Formal closing ceremony, distribution of gifts, and reflection on the week's learning.
	The Programme received an enthusiastic response from the primary school students, who showed great interest and excitement in learning Mathematics through these innovative methods. It helped in improving their basic understanding and reduced their hesitation towards the subject. The teachers of Gurukul Primary School, Bhiwapur, appreciated the efforts of the volunteers and acknowledged the positive impact of the Programme. The Programme was skillfully coordinated by Asst. Prof. Dr. Ravikant Mishra**,** Head of the Department of Mathematics, who ensured that every aspect of the Event was meticulously planned and effectively executed. The "Mathematics Awareness Week" proved to be a resounding success, fostering a genuine interest and love for Mathematics among the young students while highlighting its significance in everyday life. The Proceedings of the Programme were efficiently conducted by Miss. Ishwita Gondane, a student of B.Sc.-I, while the formal Vote of Thanks was gracefully proposed by Miss. Shubhangi Dohatare, a student of B.Sc.-I.		
PROGRAMME OBJECTIVES	• To commemorate National Mathematics Day by promoting awareness about Mathematics.		

	• To develop interest and curiosity towards Mathematics among primary school students. • To remove fear and misconceptions related to Mathematics. • To enhance basic numerical and logical skills through activity-based learning. • To introduce innovative and interactive teaching methods at the primary level. • To provide an opportunity for college students to develop teaching and communication skills. • To strengthen community engagement through educational outreach activities.
PROBLEMS FACED, IF ANY	• Difficulty in maintaining attention and discipline among very young students. • Variation in learning levels of students from 1st to 4th standard. • Limited availability of teaching aids and resources. • Time constraints to cover planned activities effectively. • Language barriers in explaining concepts to some students. • Initial hesitation of students to participate in activities.
IMPACT/OUTCOME ACHIEVED	• Commemorated National Mathematics Day by promoting awareness about Mathematics. • Tried to develop interest and curiosity towards Mathematics among primary school students. • Tried to remove fear and misconceptions related to Mathematics. • Tried to enhance basic numerical and logical skills through activity-based learning. • Introduced innovative and interactive teaching methods at the primary level. • Provided an opportunity for college students to develop teaching and communication skills. • Tried to strengthen community engagement through educational outreach activities.

ANALYSIS REPORT OF THE FEEDBACK OBTAINED FROM STUDENTS/ BENEFICIARIES/ ACADEMIC PEERS ETC.	The students of Gurukul Primary School, Dharmapur, expressed a highly positive and enthusiastic response towards the Mathematics Awareness Week activities. They found the sessions enjoyable, interactive, and different from their regular classroom learning. Students who earlier felt hesitant or fearful about Mathematics showed increased confidence and actively participated in various activities. They appreciated the friendly and supportive approach of the college student volunteers, which encouraged them to ask questions without hesitation. Overall, the students expressed happiness and interest in attending similar Programmes in the future, indicating that the initiative successfully created a positive attitude towards Mathematics.
GEOTAG PHOTO GALLERY WITH CAPTIONS (Only GEOTAG photos covering the entire gamut/span of the activity will be accepted)	Request Letter seeking permission from Gurukul Primary School to organize "Mathematics Awareness Week" from 15th to 22nd December, 2025.
